Dear Parents/ Guardians

St Nicholas is proud to announce that we have been inducted as an Ashoka Changemaker School. This network of international schools recognizes schools that are focused on providing young people with the skills and confidence to change the world for the good of all. At Ashoka Changemaker Schools, students are learning the essential skills of empathy, creativity, thoughtfulness, leadership, and teamwork so that they can thrive in the modern world and find solutions to our most complex problems.

[Ashoka Changemaker Schools](#) believe that everyone should be:

- equipped with the qualities that best define a social entrepreneur.
- given the opportunity to become the kind of human being who is fully equipped and inclined to change the world for the better.
- able to thrive and help us all thrive in the modern world. And that the modern world demands this urgently.
- To help everyone become a changemaker, we need to make big changes in the way young people experience education.

Ashoka has more than 1,300 education Ashoka Fellows globally and has supported more than 375,000 young people who are practicing changemaking in 50 countries. With Ashoka's extensive experience with social entrepreneurs and young people, they are working to trigger fundamental changes in the educational experience of young people so that everyone can become a changemaker.

In a global world the connections that we make with organisations such as Ashoka are vital to ensure that our learners are given an education that is on the cutting edge of what is effective internationally. We look forward to seeing our learners thrive with these new opportunities.

Yours sincerely

Leon Grove
